

Vent-A-Kiln

20% DISCOUNT PLUS FREIGHT. CUSTOM SIZES AVAILABLE ON REQUEST.

Variable-Height Suspended Kiln Exhaust System and Safety Products.

Vent-A-Kiln is an easy-to-install system designed for the removal of kiln firing emissions. With Vent-A-Kiln, unpleasant fumes, odors, and heat are captured at the source and safely removed from the area.

1. Conical aluminum hood
2. Fan/Blower assembly: note the placement in drawings.
3. Flexible exhaust hose
4. Discharge plate

5. Exhaust hose clamps
6. 3/16" coated steel cable
7. Counterweight
8. Overhead pulley system

Positive Pressure System

Negative Pressure System

Removing and ventilating fumes produced by welding, brazing, soldering, laser cutting, plasma cutting and similar operations is a critical concern in today's safety-conscious work environment. Place-A-Vent is an economical, energy efficient fume extractor that removes smoke, fumes and heat at their source to help assure worker safety and comfort.
